### ABOUT THE INSTITUTION

INFO Institute of Engineering (IIE), established in the year of 2007 by Dharbari Charitable Trust, is a dynamic technological institution with a mission of providing high quality engineering education to the students, encouraging research and entrepreneurship. The institution is approved by AICTE and affiliated to Anna University, Chennai. The institution offers 6 UG courses, B.E. – Mechanical Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Civil Engineering, Computer Science and Engineering and B.Tech Information Technology and 3 PG courses M.E.–VLSI Design, Computer Science and Engineering and Master of Business Administration.

### ABOUT THE DEPARTMENT

The Mechanical Engineering Department was established in the year 2009 and has produced many successful engineers and entrepreneurs. The department, with a blend of experienced, dynamic and qualified faculty members, provides quality and outcome based education to our students. The department is fully equipped with state of art laboratories. The department has conducted several national level symposium, conferences, workshops, seminars and value added courses. These activities provide a platform for the students and faculty members to interact with industrialists, researchers and academicians.

### ABOUT THE WORKSHOP

Industrial Sensors is the emerging area which extends its application in various fields of Engineering & Research. This workshop majorly focuses on Introduction & basics of Automation, Basics of Industrial Sensors, Proximity Sensors, Photoelectric Sensors, Fiber Optic Sensors, and Performance Parameters also to provide a strong foundation through interactive sessions and demonstration. This workshop aims to provide strong platform to understand the applications of various sensors.

### RESOURCE PERSONS

The course contents will be delivered by the following experts from Inventor Automation.

1. Mr. S.Thilibhan Babu - Team Leader / IA
